

# ANCHOR HOLDER

PRODUCT: 19021

For stowing vertically 5-10 kg Bruce-anchors.  
Connectors for horizontal and vertical  
Ø 25 mm tubing included.

available rail connectors:  
22 mm adapter no: 19402.09  
30 mm product no: 19404.30  
32 mm product no: 19404.32

1. Attach connectors with nuts to the rail tubing.
2. Assemble the holder to connectors by using fixed fastening points and strap holder with strap at the bottom.
3. Alternatively use the adjustable holder at the top or at the bottom.

Attach the anchor to the hook with a shackle and lock it with the rubber strap at the bottom.

NOTE! At sea, conditions always reach a point where everything's endurance is exceeded. For this reason, you as the user always have the final responsibility for the use and possible damages that may arise when the product is used.
